Dance Program

Our Summer camp is designed for young dancers interested in continuing their dance training over the summer in a fun program offering classes in numerous disciplines including Ballet, Tap, Lyrical, and Jazz.

This is a wonderful opportunity for dancers to try a new discipline and improve their existing technique.

Dancers will also have craft projects, games, Water Ballet (weather permitting) , and attend a children's performance at the Palace Theatre

This is the perfect way to keep them interested in dance over the summer, or introduce them to our school if they are enrolling in the fall.
